

Below is the timeline for the Elfsea Baronial Transition as approved by the Crown.

- **There are a few ground rules for this process.**
 1. *There should be no discussion of candidates on Baronial email lists, forums, or social media sites.* This also applies to the Canton as well. Updates to and questions about the polling process, of course, are permitted, but discussion about candidates and platforms, etc. are prohibited. This is to encourage a clean and friendly selection process.
 2. Separate polling's will take place for Elfsea and DFT. This is in an effort to include all of Elfsea. This does not permit people to poll multiple times. All polling forms will be collected and verified. How people vote will be held in the highest confidence.
 3. Members and non-members will be allowed to poll. Members and non-members will be kept in separate tallies and all information will be presented to Their Majesties.
 4. Those unable to attend either polling will have the opportunity to participate via other means as necessary
