Mistress Sabine,

We will be reviewing our entire Financial Policy later this year, but wanted to immediately address State Sales Tax, so wrote two addenda (attached as a single file) in the interim. Both were passed unanimously by our Financial Committee, but we would be grateful if you could review to ensure that we are aligned with policy.

I have a few minor redlines that I will note on the document, scan and send either later this evening or tomorrow.

I'm excited that we were on track. We will make the changes so we can sign and publish it. Do I need to send you a final copy?
