From the Herald

Greetings to the most excellent Populace of Vindheim!

Since the Achievement is now through (at least for the time being), it is time to turn my focus to another project. To that end, I have decided that it is important to look to training more people within the Principality to be able to help with more aspects of Heraldry. Specifically, I am looking to start training people to be able to herald Court. I would ask all of you to look around your local groups and find that person who has a good voice, who pronounces names well, or, simply, is very organized and keeps great records. All of these things are important parts of Court Heraldry. If you are interested, please contact my office at vindheim@herald.ansteorra.org and we'll figure out a time when we can get a workshop together with experienced Court Heralds to grow the College

From the Missile Marshal

Hello Vindheim!

Planning for the Vindheim Missile Academy II is well underway and soon we will be reaching out for teachers and marshals. We'll be having Armoured Combat scenarios as well as Rapier Combat Scenarios, so all of our friends can come to fight and learn!

Our new Kingdom Thrown Weapons Deputy has recently launched the first version of the TW Royal Rounds for our Kingdom, so please test away. If you have any questions or suggestions reach out to us.

Summer is in full swing and the heat is cracking up! During these increasing temperatures please keep an eye on the thermometer for yourself and others. We should not be practicing outside in any heat above 103 according to the OSHA heat index. There's an app for that! You can download straight to your phone to make it easier to keep our Marshal activities safe.

See you on the Range!

From the Society

On June 5, the Board of Directors approved a new peerage for ranged martial arts and directed Laurel Queen of Arms to start the process for devising and registering a name and armory for the order.

Devising a name and armory for a new peerage order is not an easy task. Since February 1970, we have registered close to 60,000 pieces of armory and around 5,000 order names, household names, and heraldic titles, and while it is still relatively easy to register new ones, the protection we offer to Society-wide peerage orders is broader than that accorded to the badges of individual people or the names of kingdom or lower-level orders. This makes it difficult to find a design that does not infringe on already-registered items.

To manage this task, Laurel set up a working group on June 9. Built around a nucleus of heralds who had been on the Board-appointed Peerage committee, the group has a significant overlap with the ranged martial arts communities and consists of senior heralds whose expertise includes dealing with conflicts and studying names of orders. Its work has proceeded as expected, and is now approaching a stage where it would be good to have further input from the communities involved, to make sure the suggestions have no hidden issues that haven't been considered.

There will be two meetings at the Pennsic War on August 8, at 9 am at the thrown weapons range and at 10:30 am at the archery range, where it will be possible to ask about the process and voice any concerns.

For those not able to attend these, there will be Zoom meetings on August 12, at 9 am and 8 pm Pacific Time (UTC-8). Anyone with interest is invited to attend the virtual or in person sessions.

From now on, any new submissions for names and armory that would conflict with the proposed name or armory of the order will be pended until these have gone through the registration process.
